

BE READY. STAY SAFE. GET SUPPORT.

Public safety power shutoffs (PSPS) events will impact many homes of people with disabilities and those with access and functional needs.

Create a personal support network.

Identify at least 5 individuals you can count on to get the resources and support you need to manage an emergency.

- Keep a hard copy of emergency numbers on hand and on your refrigerator**

Complete a personal assessment.

- Daily Living:** personal care, assistive devices or equipment, water, backup battery or generator for electric medical equipment
- Getting around:** accessible transportation, errands, appointments 
- Evacuating:** exits, getting help, short-term places to stay 

Gather information.

- Find your local resources: Accessible shelters Assistance programs
- Emergency charging stations Community disaster plans

Make an emergency plan.

- Meet with your Family/Personal Care Attendants/Building Manager:** review your needs and discuss information you have gathered
- Map out escape routes and a meeting location**
